Dear Congregant,

Monroe County is listed in the Centers for Disease Control and Prevention (CDC)'s "high" COVID-19 category due to its spiking 7-day average positivity rate. As a result, we are asking that anyone entering Temple Beth EI wear a mask until further notice. In addition, if you are living with anyone who has tested positive, please do not come to Temple Beth EI until the recommended isolation period is over. If you may have been exposed, please test negative before coming to TBE.

For any questions do not hesitate to call us at 585-473-1770.

Thank You,
Temple Beth EI
